

Community Impact Assessment Guidelines

Liquor Licensing Act 1997

Designated Applications - Liquor

Effective: 29 January 2024

Government of South Australia
Consumer and Business Services

Community Impact Assessment Guidelines - Liquor

The following Community Impact Assessment Guidelines (the Guidelines) have been issued by the Liquor and Gambling Commissioner (Commissioner) under section 53B of the [Liquor Licensing Act 1997](#) (Act).

The information contained in these guidelines is provided to assist an applicant understand the types of applications which are classified as designated applications for the purposes of the Act and how to satisfy the licensing authority that the grant of the application is in the community interest.

Consumer and Business Services

For any further information or assistance in relation to these guidelines, contact CBS Liquor & Gambling on 131 882 or by email at liquorandgaming@sa.gov.au.

Alternatively, written enquiries can be made by mail to:

1. Overview

1.1. Designated Applications

Under section 53A of the Act, the licensing authority (the Authority) may only grant a designated application if satisfied that to grant the application is in the **community interest**.

The types of applications which are classified as designated applications are set out in **Schedule 1**.

In determining whether or not a designated application is in the community interest, the Authority must have regard to:

- (a) the **harm** that might be caused (whether to a community as a whole or a group within a community) due to the excessive or inappropriate consumption of liquor
- (b) the **cultural, recreational, employment or tourism impacts**
- (c) the **social impact** in, and the **impact on the amenity** of, the locality (see Schedule 2 for a description of locality) of the premises or proposed premises
- (d) the **nature of the business** conducted or to be conducted under the licence
- (e) **licence density** considerations, and
- (f) competition and **balance of industry** considerations.

An applicant in respect of a designated application must comply with the requirements set out in these guidelines.

1.2. Community Impact Submission

The onus is on the applicant to satisfy the Authority that the grant of the application is in the community interest and to provide relevant evidence and submissions to discharge this onus.

In determining whether a designated application is in the community interest, the Authority will consider the Community Impact Submission prepared by the applicant in accordance with these Guidelines and may have regard to any other information, data, submissions or research which the Authority considers relevant and appropriate to inform the decision.

2. Community Impact Considerations

In preparing their Community Impact Submission, applicants should consider the guidance provided under each of the following sub-headings and address each of the matters required, as relevant to the application.

2.1. The nature of the business to be conducted under the licence

The Authority must understand how the business operates, or will operate, under the licence to assess the potential impact of the grant of the application on the community and to determine whether the grant of the application would be in the community interest.

Applicants are required to describe how the business will operate if the application is granted by reference to such matters as:

- (a) the nature of trade, e.g. the consumption of liquor on the premises or the sale of liquor for consumption off the premises (takeaway)
- (b) the products/services to be provided at the premises and the potential customer base,
- (c) a general description of the facilities and services, including information about the liquor services to be provided at the premises/proposed premises, e.g. bar, bottle shop, etc.
- (d) the range of liquor sold or to be sold under the licence
- (e) any food available, or to be made available, at the premises/proposed premises – applicants are encouraged to provide a menu/proposed menu as part of their submission (if applicable)
- (f) details of proposed entertainment that is or will be available at the premises/proposed premises (if applicable)
- (g) details of accommodation that is or will be available at the premises/proposed premises (if applicable)
- (h) a physical description of the premises/proposed premises, including size in square metres, materials used/to be used in the construction of the premises, internal and external finishes, acoustic treatment, etc. Applicants are encouraged to provide photos or artists impressions of the premises/proposed premises
- (i) safety/security features, e.g. alarms, closed-circuit television (CCTV) surveillance, lighting, security officers, anti-theft devices
- (j) staffing, responsible persons and responsible service of alcohol training
- (k) approach taken/to be taken to the responsible service and consumption of liquor, and
- (l) the applicant's business/professional experience, in particular relevant knowledge, experience and competency in relation to the service of liquor.

Applicants are also required to provide a completed licensee risk assessment and management plan with their Community Impact Submission. A template risk assessment and management plan is available at www.cbs.sa.gov.au/ciportal.

2.2. The harm that might be caused (whether to a community as a whole or a group within a community) due to the excessive or inappropriate consumption of liquor

The objects of the Act include:

- to ensure that the sale and supply of liquor occurs in a manner that minimises the harm and potential for harm caused by the excessive or inappropriate consumption of liquor
- to ensure that the sale, supply and consumption of liquor is undertaken safely and responsibly, consistent with the principle of responsible service and consumption of liquor, and
- to ensure as far as practicable that the sale and supply of liquor is consistent with the expectations and aspirations of the public.

Harm caused by the excessive or inappropriate consumption of liquor includes:

- the risk of harm to children, vulnerable people and communities (whether to a community as a whole or a group within a community)
- the adverse economic, social and cultural effects on communities (whether to a community as a whole or a group within a community)
- the adverse effects on a person's health
- alcohol abuse or misuse, and
- domestic violence or anti-social behaviour, including causing personal injury and property damage.

The Authority will often have regard to, but is not limited to, the following data relevant to the locality:

- the Socio-Economic Indexes for Areas (SEIFA) scores at the Statistical Area Level 2 (SA2) for each SA2 area within the locality in relation to:
 - index of Relative Socio-Economic Advantage and Disadvantage
 - index of Relative Socio-Economic Disadvantage
- the population of the locality, and
- crime statistics relevant to the locality.

Guidance as to how to locate this information is available at www.cbs.sa.gov.au/ciportal.

All applicants are required to:

- (a) Consider the socio-economic profile of the locality and identify any issues of social disadvantage, and any vulnerable or 'at-risk' groups or sub-communities in the locality and address:
 - how the grant of the application may adversely impact upon those vulnerable or 'at-risk' groups or sub-communities (including minors), and
 - what steps will be taken to mitigate the risk of any liquor related harm, including any policies and procedures that the applicant has implemented or intends to implement.

(b) Identify any community buildings, facilities and areas of interest/concern within the locality which may include:

- schools and educational institutions
- hospitals, drug and alcohol treatment centres
- accommodation or refuges for young or disadvantaged people
- child care centres
- nursing homes and aged care facilities,
- recreational areas
- other licensed premises, particularly other licensed premises of the same licence category
- dry areas, and
- any other areas where young people may congregate or be attracted.

(c) Consider, and address, how they will manage the potential for harm associated with the consumption or sale of liquor at the premises, such as:

- violent, disorderly or other anti-social behaviour,
- driving under the influence of alcohol,
- theft of liquor,
- if the premises is or will be located in close proximity to other similar licensed premises, e.g. pubs/hotels and nightclubs/entertainment venues, how the applicant will manage the potential for conflict and harm associated with this clustering,
- how will queueing operate and be managed,
- how will minors on the licensed premises be manage, and
- how will the licensee prevent intoxication on the licensed premises.

(d) Consider, and address, any specific challenges which might arise for their premises/proposed premises. These might include for example, longer response times for police or emergency health services, or the reduced availability of public and other transport services, for premises who are located regionally.

Guidance as to how to locate information to assist applicants with completing this section of their Community Impact Submission is available at www.cbs.sa.gov.au/ciportal.

2.3. The cultural, recreational, employment or tourism impacts.

An object of the Act is to facilitate the responsible development of the licensed liquor industry and associated industries, including the live music industry, tourism and the hospitality industry.

Applicants are required to address the following matters:

- (a) the economic benefits or employment opportunities the grant of the application will generate in the locality and the broader community, and
- (b) the cultural, recreational or tourism benefits the grant of the application will generate in the locality and the broader community.

2.4. The social impact in, and the impact on the amenity of, the locality of the premises or proposed premises

Applicants are required to address the following matters:

- (a) the social impact the grant of the application may have in the locality, with reference to any potential increase in crime and anti-social behaviour
- (b) how the grant of the application may impact positively or negatively on the amenity of the locality (being the pleasantness, attractiveness, desirability or utility of the locality), along with any impact on the character of the premises or locality
- (c) any steps that will be taken to address any negative social impact or negative impact on the amenity of the locality, and
- (d) any benefits or points of difference the premises will offer the locality, such as unique features or customer experiences and how the proposed offering would differ from other offerings in the locality.

2.5. Licence density considerations

If the application includes or relates to an authorisation to sell liquor for consumption off the premises, licence density is a relevant consideration for the Authority when considering whether the grant of an application is in the community interest.

The Authority will consider the number and nature of existing licences in the locality, and in particular will have regard to licences relevant to the category of licence sought.

For example, if an applicant is seeking a Packaged Liquor Sales Licence, it will be relevant for the applicant to address as part of their Community Impact Submission the number of existing take away liquor outlets operating in the locality (i.e. the total number of Packaged Liquor outlets and General and Hotel outlets that sell take away liquor).

Applicants are required to address licence density for the locality and why, in light of the various licensed premises already approved and trading in the locality, it would be in the community interest for the Authority to grant their application.

3. Completing a Community Impact Submission

3.1. General Guidance

Designated applications, at the time of lodgement, must be accompanied by a Community Impact Submission unless a waiver is provided (see below).

The Authority has developed a form to help guide applicants as to the type of information they need to provide in support of their application. Applicants may complete this form, or instead choose to prepare their own submission in support of the application addressing the matters outlined in these Guidelines. This form is available at www.cbs.sa.gov.au/ciportal.

There is no requirement for a Community Impact Submission to be prepared by legal counsel or industry consultants. Applicants can complete their own Community Impact Submissions after consulting with the relevant key stakeholders and interest groups in the community, obtaining all other required information and providing a map showing the locality of their premises. A tool to assist applicants with the provision of the map is available at www.cbs.sa.gov.au/ciportal.

When providing information to support their application, applicants should keep in mind that Community Impact Submissions will be made public. Any information that an applicant does not wish to be made public should be redacted or omitted from the Community Impact Submission.

As each application is different, the level of detail required in a Community Impact Submission may differ depending on the complexity of the application and the impact the premises/proposed premises will have on the surrounding community. If a Community Impact Submission does not adequately address each of these considerations, the Authority may require additional information to be provided.

3.2. Community Consultation

Applicants are required to address as part of a Community Impact Submission, whether the community of the locality of the premises/proposed premises have concerns about the application. The applicant should consider the following options for community consultation and should address any identified concerns:

- (a) Consultation with persons who reside within the locality of the premises/proposed premises and who may be affected by the grant of the application, e.g. by noise emanating from the premises, or other disturbance.
- (b) Petitions, customer surveys or letters of support from existing or potential customers.
- (c) Letters of support or evidence of consultation with local businesses.
- (d) Evidence of consultation with relevant authorities and community organisations such as:
 - SA Health or specific local health services
 - drug and alcohol related services or organisations
 - recognised leaders or representatives from local indigenous or other communities, and/or prominent local community service organisations.

Where appropriate, the applicant is required to demonstrate what measures will be implemented to address or mitigate concerns raised through this consultation process.

Contact details for selected organisations is available at www.cbs.sa.gov.au/ciportal.

3.3. Other Considerations

As part of a Community Impact Submission, **applicants are required** to demonstrate the measures that have been implemented, or that they will implement, to ensure that the grant of the application would be unlikely to result in undue offence, annoyance, disturbance or inconvenience to those who reside, work or worship in the vicinity of the premises.

3.4. Can the requirement for a Community Impact Submission be waived?

The Authority may vary or waive the requirement for a Community Impact Submission if:

- (a) the application does not propose a significant change to the licensed premises or the nature or extent of the business carried on from the licensed premises
- (b) the purpose of the Community Impact Submission can be achieved by other means, or
- (c) other special circumstances exist.

In the event that the Authority decides to vary or waive the requirement for a Community Impact Submission, the application will remain a designated application for the purposes of the Act.

Schedule 1

Designated Applications

For the purposes of section 53A of the Act, a designated application is:

- an application for the **grant** or **removal** of:
 - (a) a **general and hotel licence**
 - (b) an **on premises licence**, unless –
 - (i) the premises to which the proposed licence relates is a public conveyance¹, or
 - (ii) the licence is, or is proposed to be, subject to a condition that the business conducted at the licensed premises be such that at all times the primary service provided to the public at the premises is the provision of accommodation.
 - (c) a **club licence**, if –
 - (i) the licence is, or is proposed to be, subject to a condition authorising –
 - A. the sale of liquor to persons (other than a resident) for consumption off the licensed premises, or
 - B. the sale of liquor after 2am on any day, or
 - (ii) in the opinion of the Authority², the business conducted under the licence and activities on the premises or proposed premises will have a substantial adverse impact on the amenity of the locality in which those premises are, or are to be, situated, taking into account –
 - A. the size of the premises or proposed premises
 - B. the trading hours or proposed trading hours under the licence, and
 - C. any other matter the Authority considers relevant.
 - (d) a **packaged liquor sales licence**, other than if the licence is, or is proposed to be, subject to a condition authorising the licensee to only sell liquor through direct sales transactions.
- **any other application** that the Authority has determined, in accordance with these guidelines, to be a designated application (see below).

¹ A public conveyance means an aeroplane, vessel, bus, train, tram or other vehicle used for public transport or available for hire by members of the public, but does not include a conveyance hired on a self-drive basis if all passengers (if any) are to be transported free of charge or other consideration.

² The Authority will inform an applicant if their application is a designated application. Unless the conditions set out under (i) are satisfied and/or unless and until the Authority informs an applicant otherwise, applicants are to lodge and proceed with their applications as if they were not designated applications.

The Authority has determined that the following applications are also designated applications for the purposes of the Act:

- an application to vary the trading hours of an **on premises licence** (other than a licence that only relates to a public conveyance) –
 - (a) to authorise the sale or supply of liquor after 2am on any day, or
 - (b) if the licence already authorises the sale or supply of liquor after 2am, to authorise the sale or supply of liquor at later hours than those previously fixed in relation to the licence (being later than 2am).
- an application to vary the conditions of a club licence to authorise –
 - (a) the sale or supply of liquor to persons (other than a resident) for consumption off the licensed premises
 - (b) the sale or supply of liquor after 2am on any day, or
 - (c) if the licence already authorises the sale or supply of liquor after 2am, to authorise the sale or supply of liquor at later hours than those previously fixed in relation to the licence (being later than 2am).
- an application to redefine the licensed area of a **packaged liquor sales licence**.
- an application to vary the conditions of a **packaged liquor sales licence** to –
 - (a) remove a condition restricting the licensee to the sale of liquor through direct sales transactions only, or
 - (b) remove or vary a condition restricting the type of liquor that the licensee can sell or supply under the licence.

Under section 53A of the Act, the Authority also has a general discretion to designate any other application in accordance with the Guidelines. In determining whether an application is deemed to be a designated application for the purposes of section 53A of the Act, the Authority will have regard to, but is not limited to having regard to:

- The potential for harm that the grant of the application may have on the locality of the premises or the community as a whole.
- The business conducted or proposed to be conducted under the licence.
- The activities taken or proposed to be undertaken on the premises or proposed premises.
- The effect the grant of the application will have on the amenity of the locality in which those premises are, or are to be, situated.
- The size of the premises or proposed premises.
- The trading hours or proposed trading hours under the licence.
- Social profile information, such as the Socio-Economic Indexes for Areas (SEIFA) scores.

Schedule 2

Locality Guidelines

As part of their Community Impact Submission, applicants are required to identify the locality of their premises/proposed premises. Applicants should consider:

- the area around the applicant's premises/proposed premises which is most likely to be affected by the grant of the application, and
- the area from where the applicant draws or expects to draw their customers, having regard to the nature of the premises/proposed premises.

When considering the area from where the premises/proposed premises draws or expects to draw their customers, applicants should consider:

- any target customer groups or identifiable customer base and the areas they reside in, and
- anything that may attract customers to the premises/proposed premises and the areas from which these customers may be based, for example –
 - where a premises/proposed premises is located/to be located on a main road, applicants may need to consider any areas which are serviced by that main road and include those areas in their locality, or
 - where a premises/proposed premises is located/to be located in or near to a shopping complex, applicants may need to consider the customer base of the shopping complex and where those customers reside and include those areas in the locality of their premises/proposed premises.

The following is intended as a guide only. Applicants are expected to tailor the size of the areas set out below having regard to the locality guidelines. The Authority may exercise discretion in determining whether the locality identified in the Community Impact Submission is appropriate and may direct a variation with respect to the locality if necessary.

Adelaide Metropolitan Area: As a guide, the locality of a premises in the Adelaide Metropolitan Area would generally be considered to be the area within a 2km radius of the site of the relevant premises. A list of the suburbs considered to be in the Adelaide Metropolitan Area can be found below. The list is intended to be used as a guide only.

Outside the Metropolitan Area: As a guide, with regards to country cities, towns or communities, unless remotely located, the locality of the premises would generally be considered to be the area within a 5km radius of the site of the relevant premises.

Regional: Where a premises/proposed premises is remotely located, the applicant should choose an appropriate locality to address in their submission, keeping in mind that the locality of a premises is the area most likely to be affected by the grant of the application.
