

Property manager reform

Update September 2017

The South Australian Government will introduce property management registration.

An employee of a registered land agent performing residential or commercial property management will be required to be registered as a property manager.

The Land Agents (Registration of Property Managers and Other Matters) Amendment Bill 2017 was passed by the South Australian Parliament on 28 September 2017.

Future consultation

- Qualifications for the new property manager registration will be finalised in the later stages of these reforms.
- Further consideration will be given to the proposed Code of Conduct announced by the State Government, in consultation with industry.
- A transitional period will be provided to ensure industry participants have sufficient time to comply with any new requirements.
