Number of Approved Gaming Machines

I grant the increase of gaming machines from 8 to 10.

Reasons for Decision

I have considered whether this application should be a designated application for the purposes of section 17A(4) of the Act. However, after considering the matters set out in the Community Impact Assessment Guidelines, I am of the opinion that the application should not be a designated application.

I note that the application is a modest increase of 2 machines, raising the maximum number of machines from 8 to 10.

This premises has not had an increase to their number of approved gaming machines since 2000.
