## Community Impact Assessment

The application is a designated application for the purposes of section 53A of the Act.

In order to grant the application I must be satisfied that it is in the community interest to do so taking into account the harm that might be caused, the cultural, recreational, employment or tourism impacts and the social impact on the amenity of the locality.

The applicant intends to operate a tea room and wine bar with a full bar offering and the ability to sell takeaway liquor should customers wish to purchase a product they have tried at the premises.

I am satisfied that this venue does not pose a significant risk of harm. The applicant has provided their policies and procedures in relation to the responsible service of alcohol and the area the premises will be located is not at a higher risk of harm.

There applicant has the support of the community and other local businesses due to the premises providing a draw card for tourists and visitors to stop in the town, rather than just pass through. They submit that by drawing customers to the town this will benefit other local businesses as well as supporting local cellar doors by offering their product and exposing customers to these other local businesses.

Having considered all the information before me, I am satisfied that the granting of this application is in the community interest.
