Authorisations

The following authorisations/restrictions are added to the licence

- Sale of liquor for consumption at the site of a function off the licensed premises authorised

Reasons for Decision

In reaching my determination, I have had regard to the objects of the *Liquor Licensing Act 1997* (the Act).

The application to authorise the sale of liquor for consumption at the site of a function off the licensed premises is granted.

The licence now authorises the sale or supply of liquor for consumption at the site of a function off the licensed premises by persons attending the function. The licensee is reminded that the authorisation is subject to the conditions set out in section 35 of the Act that:

- food is provided by the licensee at the function;
- the licensee has been given notice of the function at least 24 hours before the function; and
- the license maintains records relating to the function.

For the duration of any function off the licensed premises, the licensed premises are to be regarded as including the site at which the function is held.
