Decision	Granted
Effective Date	28 Sep 2022

Reasons for Decision

I refer to Order B241363 dated 3 May 2022, in that order the proposed redefinition and variation to conditions (Upgrade) were approved subject to a development approval being provided to the licensing authority, and an order being issued for the use of the new areas.

The licensee has provided development approval, therefore approval is granted for the use of the new areas and the licensed area is redefined to include these additional areas. The licensed plan is updated accordingly.
