Reasons for Decision

I have had regard to the provisions of the *Gaming Machines Act 1992*.

The applicant has applied to vary their trading hours with no net increase in hours.

Section 27AA(4) of the Act states the Commissioner may, after receiving an application for the variation of a gaming machine licence, determine that the application is to be a designated application for the purposes of section 17A of the Act. In this case, I have determined this not to be a designated application.

Section 27AA(7) of the Act requires me to have regard to the matters set out in section 15(5)(a) of the Act to the extent they are relevant to the application. I have considered these matters.

I consider the application is not contrary to the public interest or inconsistent with the objects of the Act.

Pursuant to section 27AA of the Act, I grant the application.
