- This licence does not authorise the sale of liquor for consumption off the premises.
- The licensee shall not, as part of, or in connection with, the business authorised by this licence, invite or admit prospective purchasers of liquor to the licensed premises.
- The licensee is authorised to despatch liquor from premises other than the licensed premises. Details of despatch sites must be made available for inspection by an authorised officer.

Reasons for Decision

In reaching my determination, I have had regard to the objects of the *Liquor Licensing Act 1997*.

This is an administrative order to add the condition, "The licensee is authorised to despatch liquor from premises other than the licensed premises. Details of despatch sites must be available for inspection by an authorised officer" to the licence. The condition has been added as the licensee has indicated that no liquor will be stored or manufactured on the premises. Section 42(2)(b) of the *Liquor Licensing Act 1997* (the Act) states that it is a condition of a licence authorising the sale of liquor for consumption off the licensed premises that liquor sold under that authorisation, if the liquor is not delivered personally to the purchaser of the licensed premises, must, except in the case of a packaged liquor sales licence that authorises the licensee to sell only through direct sales transactions or where the licensing authority gives an authorisation to the contrary, be despatched to the purchaser from the licensed premises. This condition ensures that the licensee will not be in breach of the Act when despatching their liquor from a site other than the licensed premises.
