Reasons for Decision

In reaching my determination, I have had regard to the objects of the Liquor Licensing Act 1997 (the Act).

It is a requirement under section 97(1) the Act, that premises must be personally supervised by a responsible person at all times that they are open to the public, however under section 97(2) of the Act the Commissioner may exempt a licensee from this requirement and approve alternative arrangements for the supervision and management of the business. An exemption can only be granted if the licensing authority is satisfied that, in view of the limited scope of a business conducted under a licence, an exemption would not compromise the principle of responsible service of alcohol and consumption of liquor.

The applicant has applied for an exemption from the requirements of section 97(1)(a) of the Act.

The applicant has submitted the following reasons why they should be granted an exemption:

"Liquor will be sold and supplied by way of wholesale only and there will be no consumption on the premises (other than occasional sampling) and no sale or supply of liquor to the general public."

I have considered the applicant's explanation of the proposed business to be conducted under the licence, the category of licence sought and the limited trading hours and capacity that will be authorised under the licence.

I am satisfied that the business conducted under the licence will be of a limited scope. I grant the exemption from the requirements of section 97(1)(a) of the Act, subject to the following condition:

- The exemption from the Responsible Person requirements is granted on the condition that a Director of the licensee company must be contactable by phone at all times the premises is open for trade.
