## Digital Closed Circuit Television (CCTV) Technical Specification

Pursuant to section 42 of the *Liquor Licensing Act 1997*, it is a condition of every licence that the licensee complies with the Commissioner's codes of practice.

The Late Night Trading Code of Practice (the Late Night Code) will take effect from 1 October 2013.

A copy of the Late Night Code can be downloaded from the Consumer and Business Services website at [www.cbs.sa.gov.au](http://www.cbs.sa.gov.au)

The Late Night Code includes a clause relating to the use of CCTV which complies with a technical specification approved by the Liquor and Gambling Commissioner. The technical specification is in addition to the provisions contained in this clause.

The additional approved technical specification is as follows:

1. The picture quality and detail must be sufficient to enable the visual identification of a person.
2. The CCTV system achieves frame rates of 25 frames per second or greater, regardless of the number of cameras connected to the system.
3. The CCTV system has a watermarking feature.
4. Cameras and recording devices should be connected to the essential services power supply of a building or a designated uninterrupted power supply.
